What is it?
General Operating Support Grants (GOS) provide unrestricted general operating support for nonprofits and other nonprofit sponsored entities whose primary missions are to serve the arts, cultural equity, preservation, or awareness, or present science programming to the public.

GOS funds may be used for many different expenses including:
- Salaries and personnel expenses
- Artistic or production expenses
- Administrative expenses

Who can apply?
Organizations with mission statements that clearly define them as arts, cultural and/or science-based institutions are eligible to apply for this funding with some exceptions.

Eligible applicant organizations:
- are based in the greater Flagstaff area as defined by the Flagstaff Metropolitan Planning Organization. Subsidiaries are eligible if their parent organization is based in Arizona. Subsidiaries apply based on their local budget and activities.
- have a primary mission dedicated to:
  - produce, present, teach or serve the arts.
  - cultural equity, preservation, or awareness.
  - present science programming to the public.
- are incorporated with the IRS as a nonprofit 501(c)3 organization or have a formal agreement with a nonprofit fiscal sponsor.

Multidisciplinary or multipurpose organizations are eligible for General Operating Support Grants if they meet the above requirements and are able to demonstrate that arts, culture, or science comprises at least 50% of the organization’s public programming. Grant award will be based on the percentage of the organization’s budget dedicated to those purposes.

Grant Levels & Award Ranges
Eligibility and application requirements and award ranges vary based on FY2019 financial information. For the purposes of General Operating Support, budget size is determined by the organization’s adjusted annual expense for the Fiscal Year ending in 2019 (FY2019). Multi-disciplinary organizations or organizations with a large percentage of restricted activities may wish to inquire about what level they will be evaluated at prior to completing an application.

- $5,000 - $24,999: Level 1  Maximum Eligibility: $2,000 to $7,249
- $25,000 - $99,999: Level 2  Maximum Eligibility: $7,250 to $17,999
- $100,000 - $249,999: Level 3  Maximum Eligibility: $18,000 to $34,999
- $250,000 and up: Level 4  Maximum Eligibility: $35,000

Note, potential GOS award amounts vary by level. A grantees’s award amount is determined based on their panel review ranking and the availability of grant funds. The minimum award in each level for the previous year’s cycle was $1,000 (Level 1), $2,500 (Level 2), $8,000 (Level 3), $20,500 (Level 4). Awards received varied from 20% to 86% of the maximum eligible amount. Not all applicants receive awards. Please contact us with questions about your organization’s eligibility amount.

Each year GOS award amounts are determined based on an allocation from the City of Flagstaff BBB tax funds and the number of qualified applications and their relative score. Award amounts listed for the previous cycle do not represent guaranteed minimums and organizations are strongly encouraged to budget conservatively when forecasting potential awards.

Grant funds must be matched with cash (at least 1:1) by the grantee organization by the end of the funding period. If your budget is projected to be significantly less or due to unforeseen circumstances your actual income is significantly less than your last reported fiscal year, you must notify the Arts Council to evaluate eligibility for continued payment.

Eligibility & Documentation Requirements by Level
In addition to being based in greater Flagstaff, Arizona and having a primary mission based in art, science, or culture, there are a few additional eligibility requirements by level.

Important Note for FY2021
The General Operating Support program underwent minor criteria and application question updates. All organizations that are applying for recurring funding for the same scope of work are required to apply under the GOS grant program as long as they meet the eligibility requirements. This ensures that the same criteria and scoring methodology is used across all organizations. This also allows for the project grant program to be focused on limited-term non-recurring work.

The changes are designed to promote operational excellence amongst our nonprofits, common sector goals, and to align question narratives with the updated criteria. Each applicant is requested to select at least one common programming goal and one common resiliency goal to begin a dialogue across the sector about common needs and opportunities.

How to Apply
The Flagstaff Arts Council runs its application processes through Submittable, an online submissions platform which is cloud-based and can be accessed on most computers including mobile devices. Using an online platform helps maintain consistency of application materials and to conduct panel reviews.

To begin, you will set up a Submittal user account for your organization. If you think your organization might already have a profile but are not sure how to access it, contact the primary staff contact or Submittable Technical Support, contact information is on page 1.

Please contact the Arts Council at least one month before the application deadline if you require an accessibility accommodation or have other extenuating circumstances affecting your use of the online platform.

For GOS Level 3 and above, you will also need a SMU DataArts profile. DataArts, formerly the Cultural Data Project, was founded to bring the language and leverage of data to the business of culture. The Cultural Data Profile (CDP) is DataArts’ flagship service, which thousands of cultural nonprofits use annually to report their financial and programmatic information. DataArts seeks to be a catalyst for data-informed decision-making.

Flagstaff Arts Council requires all GOS grant recipients to complete Data Profiles through the DataArts website (https://da.culturaldata.org) as a condition of award if you choose to apply using alternate documentation. Your organization’s CDP for your three most recently completed fiscal years must have a status of Complete by October 5, 2020.

Once your CDP profile is complete, follow these instructions to download and save your Funder Report as a .pdf document for use in uploading as part of your online application to the Flagstaff Arts Council or to provide as a condition of your award.

All applicants are required to attend a mandatory workshop date and be available for all presentation dates listed on page 7.

Shared Goals
Operational excellence, resiliency, equity, integration of art & science, and building the image of Flagstaff as a creative community are all priorities identified by the Arts Council board of directors. They represent necessary opportunities to foster a vibrant nonprofit community dedicated to enrichment of everyday life in Flagstaff.

To begin a conversation around these topics and to start tracking common metrics amongst grant recipients, all applicants are requested to select at least one shared programming goal and at least one shared resiliency goal and commit to making meaningful progress on those goals within the funding period.

Shared Programming Goals
- Increase accessibility of art, science, and/or culture programming.
- Foster cross-disciplinary programming that integrates science, technology, and art.
- Innovation.
- Support local artists and/or creative professionals.
- Increase notoriety of programming outside of Flagstaff.

Narrative Questions

Please keep in mind the platform may truncate responses when pasted into the fields based on character or word limits. You are strongly encouraged to verify all pasted answers appear as intended.

While there is plenty of opportunity in the provided questions to write a lot of text, please keep in mind that the grant reviewers are reviewing more than 50 applications each. **Evaluation Criteria**

The Art & Science Fund grant committee consists of 7 to 10 volunteers who are citizens of Flagstaff. The majority of Committee members are not members of the Arts Council Board and are not affiliated with the Flagstaff Arts Council in any other capacity. These volunteer committee members read, review, and rank all applications and determine funding allocations for the Art & Science Fund.

The committee considers the following when ranking applications.

**Alignment**

Does the application provide specific details about the work your organization does, why you do it, and the communities you engaged in and with? Are there clear goals and strategy? Does the application align with grant program goals of organizational excellence, expanding audience, and creativity as a part of everyday life? Is it clear how the work described in the application align with the organization’s mission statement?

**Quality Programming**

Is the work described responsive to the communities you engage? Does the application clearly describe effective methods of programmatic evaluation? Does the application provide specific and substantial evidence of the quality of the programming/service your organization provides?

**Public Benefit**

Does the application demonstrate how the quality of life is enhanced in Flagstaff? Is the organization responsive to the needs of the community? Is the community involved in planning? Is the work described in the application unique and important of the art, science, or cultural sectors?

**Resiliency**

Does the organization effectively partner when appropriate? Is the leadership and administration committed to the work and is there evidence that they have the experience to successfully complete the work? Is there clear evidence of public support, financially and otherwise? Is the organization actively investing in resiliency? Does it have a clear organizational plan?

**Application Review Process**

Grants are awarded through a competitive review process. Applications are first reviewed by Arts Council staff for completeness and eligibility. Late or incomplete applications or not attending mandatory workshops or assigned presentation date will be ineligible for review or funding.

Eligible applications are reviewed by a review committee comprised of Arts Council board members, City of Flagstaff representatives, and community members at large. Each application is evaluated based on how well it demonstrates alignment with the evaluation criteria.

Panelists first review applications individually then meet to discuss the applications as a group. This meeting is open to the public and applicants are encouraged to attend. Then, applicants attend a mandatory presentation (applicants choose from available timeslots over 3 dates) where they present a 4-minute presentation.

Once all presentations are completed, the review committee meets to discuss the applications and refers their recommendations to the Arts Council board which approves final award amounts. Final scores and funding amounts are then provided to the City of Flagstaff for funding.

All activities and meetings take place at Coconino Center for the Arts, 2300 N. Fort Valley Road, Flagstaff, Arizona, unless otherwise noted. All meetings are open to the public. However, public comment is not allowed during Committee and Board meetings.
